of the South. The speaker illustrated the fact that he had been born by the Southern people to those of the North, and said that Grant's assertion that the people of that section were friendly was not true in any particular. The *Rebel* line of *Statesmen* was indeed a fact, not even salable, and instead of killing it for all time, the Republican party had nursed it until it had become as vigorous and strong as it ever was. *[Applause.]* Grant, in effect, it is evident, was a member of the Republican party. This party was one of principle, and its followers could not be made to vote for Grant, because he was the party of the South. *[Applause.]* The rights would have to be fought over again, and he wanted a man tried and true, the noble-hearted Blaine of Maine. *[Applause.]* A man who had more of the elements of the South than any man of days of Henry Clay. If Grant was nominated, he should be satisfied, for, said he, "when an opponent is beaten, he says, 'I always take to the deep sea.' *[Great laughter.]* Grant was, in his opinion, a better man than any Democrat that could be named; but why should he be nominated? The name of Grant was good, why should he not be nominated? He had been the foremost man of his time, so recognized all over the world, and it was not believed that he should again seek the ball of power. *[Applause.]*

Judge Carpenter was frequently applauded during the delivery of his speech, and at its conclusion received a perfect ovation. The meeting then adjourned.

### THE THIRD WARD.

A MEETING of ANTI-GRANT REPUBLICANS of the Third Ward was held at Martine's Hall last evening, for the purpose of nominating a delegate ticket to be voted for at the primary to-day. Among the 300 present were the following well-known citizens:

Charles W. Wahl, D. C. Jones, E. G. Keith, D. L. Shovey, Murry Nelson, D. F. Crilly, Dr. J. H. Montgomery, John H. Clough, Isaac S. Blackwelder, Dr. W. H. Carpenter, J. H. Dwight, John G. Shortall, D. W. C. Clegg, G. E. Gifford, James R. Galloway, George M. Howey, D. W. Clegg, G. F. Bissell, George Gibbs, D. W. Clegg, D. W. Irwin, B. D. Slocum, D. V. Clegg, D. W. Clegg, C. H. S. Mix, C. M. Henderson, Lester Coffeen.

A motion to adjourn to meet at the primary this afternoon was then agreed to.

Leave any one from doing all he could against the third-term movement.

#### LOGAN CONDEMNED.

While the Committee were out Mr. A. J. Galloway arose and said that they should express their confidence in their ability to judge the meeting. *[Applause.]* He thought the meeting should repudiate in plain language the action of a public servant (Logan) who left to tell the South the name of those to whom they should support for President of the United States. He looked upon it as an insult to their intelligence and manhood and a violation of their rights. *[Applause.]* If they were to be controlled by a United States Senator he was for rebellion. *[Applause.]* He offered the following resolution, which was adopted:

"That the Republicans of Illinois are not a dictator, and that we repudiate the assumption of any man who has a claim to be a leader in the party, so as to sustain the movement to control our vote for a particular candidate."

The meeting then adjourned.

Received. That the Republicans of Illinois nominated a man, and that they should support for President of the United States. He looked upon it as an insult to their intelligence and manhood and a violation of their rights. *[Applause.]* If they were to be controlled by a United States Senator he was for rebellion. *[Applause.]* He offered the following resolution, which was adopted:

"That the Republicans of Illinois are not a dictator, and that we repudiate the assumption of any man who has a claim to be a leader in the party, so as to sustain the movement to control our vote for a particular candidate."

The meeting then adjourned.

the Assembly, and is one of the most promising young Republicans in the State. Edward Sanborn is a wealthy business-man of Milwaukee, and the next probable member of Congress from that district. Messrs. Scott and Van Steenwyk are both members of the State Senate.—The latter having served as Bank Controller under the old regime. Mr. Quigley of the First District is a member of the notorious City of Keokuk, and is at present a member of the State Senate. The Hon. A. J. Turner, of the Second District, is an old newspaper man, and now the Railroad Commissioner of the State. Mr. Carter, of the Third District, was the nominee of the Republicans in 1876, for Attorney-General, but declined the nomination. Gen. Winkler, of the Fourth District, is a representative German Republican, who was a candidate for Congress against the Hon. Alexander Mitchell in 1872. The Hon. Philibert Sawyer, of the Fifth District, served two years in Congress, and is now a prominent candidate for the United States Senate. He is a pronounced Blaine man, and will probably be made Chairman of the delegation. Gen. Rusk of the Seventh District is an ex-member of Congress and a stalwart admirer of E. B. Washburne. The delegation is composed of men of sound but are resolute and intelligent members of the dominant party. One of the twenty delegates is for a third term, and he is an ex-soldier. With such a fine delegation elected under such circumstances, and with the 100 Republican majority behind him, it is fair to presume that the Badger State will make itself felt in the great Convention next month.

The third-term shaker of this city definitely signifies the return of Illinois country. In a table yesterday it looked up a vote of 344 for the third term to 149 against it. This absurd figure involved the reversing of the tally in many counties, the shrewdest "claiming" of delegates from the 100th, and follows with the headlines:

**"HE WAS THERE."**

**"SO WAS THE FAMOUS BAR'L WITH ITS FANTASTIC BUNG-HOLE ATTACHMENT."**

**"AND ITS CORPS OF ABLE-BODIED ENGINEERS."**

**"HOW IT BOILED STRAIGHT THROUGH THE CONVENTION."**

The Township of Jefferson, one of the principal towns in this county, had a Republican Convention yesterday. The delegates voted: Washburne, 22; Blaine, 1. Two anti-third-term delegates were elected to the County Convention. Jefferson is a fair index of the country. It has staked its whole fortune on the third-term business, and will say anything or do anything to help that failing cause along. The true returns from counties, furnished to *The Tribune* and *Times* by impartial correspondents, and in most instances reported also in the new columns of the *I.O.* each morning, are as follows:

County.	Blaine.	Grant.	County.	Blaine.	Grant.
Adams.	3	5	Livingston.	8	1
Alexander.	1	1	Madison.	6	8
Boone.	1	1	Macoupin.	3	4

THE EIGHTH TERM: Don't talk simply about going to the primaries to vote. What sort of language is that for as energetic men to use? You should go to the primaries to stay and work, and take at least ten acquaintances and neighbors with you. The revolution of the Grant party is worth the sacrifice of some ease and time to every respectable voter of it.

The Montgomery County (Ala.) and other County Conventions that have been held are carried against the third term, and it is believed Grant's friends are to be found in the South, from Alabama as he obtained in Mississippi and Georgia—that is, less than one-third of the delegation. In Louisiana, in all accounts, he will not get a single delegate.

We are assured that the report about Mr. Elihu B. Washburne appears in our Presidential gallery to day. He is one of the dark horses on the Republican side who is not so distant from the Illinois line, and who, but whether his nearness to the light will hinder or help his cause in the end, cannot be safely conjectured. He is now for Grant, and will side Grant to carry Illinois, since he is hoping that he will succeed in the Grant cause after the abdication. His attitude toward Grant is not in any degree dishonest, for he gives his chief all the advantage of their own State to next Monday's County Convention, which will be held in the Illinois line. He is for Grant, he will support the Illinois line in the National Convention—so that Chicago and Cook County will have the balance of power in the Convention, and will be able to nominate him. The Illinois line will be the most available candidate for the Republican party are perfectly willing to nominate him. He is a man of great declaration that he is not a candidate. In fact, his reiterated declaration to this effect only helps him stronger. The American people are in a mood to do what the office demands of the man, not the man the office—Indianapolis Journal.

IT IS BECOMING every day more apparent that Illinois will have a decided lead of the Presidential nomination in the Republican primaries.

ACCORDING to some reports, apparently well founded, the Tennessee delegation is evenly divided for and against the third term. If this is true, the Grantites will be beaten in the Wednesday's conventions, according to its in Illinois' primaries, and the Tennessee delegation has, however, allowed the third term 16 votes in Tennessee, and put the loss Wednesday at 23 votes.

BUSINESS-MEN: Don't talk simply about going to the primaries to vote. What sort of language is that for as energetic men to use? You should go to the primaries to stay and work, and take at least ten acquaintances and neighbors with you. The revolution of the Grant party is worth the sacrifice of some ease and time to every respectable voter of it.

The Montgomery County (Ala.) and other County Conventions that have been held are carried against the third term, and it is believed Grant's friends are to be found in the South, from Alabama as he obtained in Mississippi and Georgia—that is, less than one-third of the delegation. He is now for Grant, and will side Grant to carry Illinois, since he is hoping that he will succeed in the Grant cause after the abdication. His attitude toward Grant is not in any degree dishonest, for he gives his chief all the advantage of their own State to next Monday's County Convention, which will be held in the Illinois line. He is for Grant, he will support the Illinois line in the National Convention—so that Chicago and Cook County will have the balance of power in the Convention, and will be able to nominate him. The Illinois line will be the most available candidate for the Republican party are perfectly willing to nominate him. He is a man of great declaration that he is not a candidate. In fact, his reiterated declaration to this effect only helps him stronger. The American people are in a mood to do what the office demands of the man, not the man the office—Indianapolis Journal.

ELIJAH B. WASHBURN appears in our Presidential gallery to day. He is one of the dark horses on the Republican side who is not so distant from the Illinois line, and who, but whether his nearness to the light will hinder or help his cause in the end, cannot be safely conjectured. ## THE HOME.

Infant Humanity Comes in for Some Attention.

Advice Concerning the Education of Babies by People Who Know.

How a Young Lady Tried Simplicity in Dress and Found It a Failure.

Save Hair to the Front with Some Facts That She Stumbled Over.

The Beautiful Effect of Strands—Blossoms of Various Tops.

## DREAMLAND.

By CHARLES A. BRATTLE. Down in the meadow green, close by the stream, Under the willow trees, lost in life's dream— Dreaming of suns most glorious, which we never saw, Queen of love, and of Arums Vaunna.

Waking from a dream of dreams, in this beautiful realm, Dreams can intrude, and no sorrows o'erwhelm.

Dreaming your heart was mine, Arums Vaunna.

That your white fingers were gnarled in my hair.

That your red lips were tempting my own.

That my ruddy arms round your small waist were drawn.

That your brown eyes flashed that love-lighted beams.

Kindling fire's fire through my rose-tinted dreams.

Take your white fingers away from my hair,

Let your sweet face be bewitching fair,

Hide your red lips from my innocent kiss,

Bring your fair form in a mantle of white.

But when I wake, I am still in my arms,

Close your brown eyes with their love-making charms.

Sweet Arms Vaunna, in our happy dream,

Our love was untroubled; thy heart and thy hand,

Would the happiness fondly evergreen,

Sweet dreams, thy stories were holy and fair;

And thy bright archangel was Arms Vaunna.

Our day-dreams have vanished, our castles in air,

Have passed like the mirage. Sweet Arms Vaunna.

Memory of that stream, 'neath the boughs

of the willow,

The duster covering the dull earth is pine.

O Dreamland! restore us our castles in air—

Restore us our darling, dear Arms Vaunna.

## THE LETTER-BOX.

There are letters, papers, and postal-cards at this office for the persons whose names appear below. Those living out of the city should send their address and a three-cent stamp, upon receipt of which their mail will be forwarded. Residents of Chicago can obtain their mail by calling at Room 30, Tribune Building.

There, Artington, Forty Years.

## THE BLESSED BABIES.

At the State of the Chicago Tribune.

Circusco, May 1.—I wish there were giant in the world,—men and women to tall that a medium-sized person could scarcely reach the tip of their fingers while walking beside them, and whose strides were so long and ungainly that a half-dozen steps would only suffice to fill out one giant stride. Then I should like to see everybody wedged in between two of these, and compelled to trot along on tiptoe, arms held stiff until the tendons fairly snapped with the strain, and if a whimper issued from their aching throats, parched and dry with laborious breathing, use them jerked off their feet and made to run the faster just for the fun of it. I believe I should enjoy any prospect of it proving a lesson to the myriad of thoughtless, heedless people who throng the walls of our cities.

I have seen life-tables that could scarcely saddle across the door pulled along by the arms, their feet plowing in every imaginable direction in their brave endeavor to keep from being run over. I have seen the walk and when their tiny feet, dying like drums in the air, would no longer keep pace in the race, jerked along by the arms, and the form of the child held to hold them in place. The tension of the muscles must be terrible at such times, but it would not amount to much, I suppose, in the breaking of a heart.

I think a promenade on tiptoe, suspended by the arms between two giants whose combined weight would require a special sort of entertainment. And yet that would equal the strain on the system, and not to mention the fun in such a position as it would be to have a child jerked along by one arm, one foot square on the sidewalk and the other trying to come within reach of the break-neck.

But then children have no rights which older people are bound to respect. If they will be such little mites of things, let them run the risk of being run over. I have seen the on the run and catch now and then a breath if they can. Let them toddle along for hours with their arms held high above their heads, and the form of the child held to attract their attention or not. So I resolved to make the sacrifice for the sake of proof, and according to the time the anticipated result, I have done it.

Now, I am a stranger to the Home for several days, and the most prominent feature was a sort of entertainment. And yet that would equal the strain on the system, and not to mention the fun in such a position as it would be to have a child jerked along by one arm, one foot square on the sidewalk and the other trying to come within reach of the break-neck.

## FINANCE AND TRADE.

**Stocks Open Inauspiciously, but Recover Sharply.**

**Symptoms of a Return of the Confidence of the Bull.**

**Governments Quiet—Foreign Exchange Steady—Currency Shipped to New York.**

**The Produce Markets Less Active, and Generally Easier—Provisions Tame.**

**Wheat Irregular—Corn and Oats Rather Weak—Milwaukee Wheat in Chicago.**

## FINANCIAL.

The rally that began at the close of the week and at the opening yesterday morning came soon after the first hour. Some of the first quotations indicated a further collapse. Erie was 5 lower at 88; Illinois Central 5, at 85½; Northwest, 9, at 86½; Jersey Central 4, at 85½; Illinois Central 5, at 85½; and Pennsylvania 5, at 84½; and Mobile & St. Louis 5, at 83½. Some of the nervous operators thought they smelt another Black Friday in the air. But as a rule the market improved sharply, and continued strong till the end of the session. There was a general feeling of a return of the stocks, and some buyers for a rise appeared. There were a few exceptions to the continuous improvement. Columbus, Chicago & Indiana Central dropped from 11½ to 11; Chesapeake & Ohio from 16½ to 15½; Lake Erie & Western from 14½ to 14; and Mobile & Ohio from 13½ to 13. Most of the gains were made by the railroads and most of them turned into handsome profits before the day ended.

There were few losses. Illinois Central declined 1½ to 10½; Cincinnati, Chicago & Indiana Central 1½ to 11; Louisville & Nashville 1, to 10½; Lake Erie & Western 1, to 15½. Northern Peoria 1, to 49½; San Francisco 1, to 30; the preferred 1, to 44½; Minneapolis 1½, to 55½. The gains were numerous and respectable. Cleveland, Columbus & Indianapolis made 2½ to 2¾; New York Central 2½, to 2¾; Michigan 2½, to 2¾; the preferred 1½, to 65½; Northwestern 1½, to 62; the preferred 1½, to 65½; St. Paul 1½, to 75½; Wabash 1½, to 35½; the preferred 1½, to 65½; Ohio 2, to 30½; St. Joe 1, to 54½; the preferred 1, to 71; Kansas & Texas 1 to 54½; the preferred 1, to 54½; Denver 1, to 75½; Lackawanna 1, to 65½; Jersey Central 2½, to 25½; Reading 1½, to 53½; Union Pacific 1, to 55½; Iron Mountain 1½, to 45½; Western Union 1½, to 55½; Atlantic & Pacific 1, to 41½; Chicago & Indiana Central 1, incomes from 35 to 35½; Erie 1, to 65½; Northern Pacific 1, to 55½; Manhattan 1, to 30; Sioux City 1, to 40½; Cheapeake & Ohio 1½, to 16½; Mobile & Ohio 2, to 25½. Rumor credits Mr. Gould with having bought a good many stocks in the last day or two. He is said to have returned all the Kansas & Texas he borrowed, and to have expressed the opinion that stocks ought soon to be bettered.

At the rapid rate of yesterday's advance the stocks would go up to 50. There is a fair amount of talk among operators that the future of the market is not clear. One heavy holder of yesterday, and of this itself indicates that lower prices are ahead. Gould is a large buyer of stocks, and so far as he is concerned, the close quotations were advanced to the highest price of the day, and so the market closed as strong as it did last night.

While this time has given encouragement to many small operators, it has not induced, to any extent, who only see in this manipulation a few moments that will carry prices up with a rush to near the highest points of the day. Trading was very active for half an hour or so, and then dealings became very dull, and so continued till after 2 o'clock, when the station bell announced the opening of the market. The closing quotations were advanced to the highest price of the day, and so the market closed as strong as it did last night.

While this time has given encouragement to many small operators, it has not induced, to any extent, who only see in this manipulation a few moments that will carry prices up with a rush to near the highest points of the day. Trading was very active for half an hour or so, and then dealings became very dull, and so continued till after 2 o'clock, when the station bell announced the opening of the market. The closing quotations were advanced to the highest price of the day, and so the market closed as strong as it did last night.

It is fair to presume that Eli Perkins has been misrepresented by the types. The Brooklyn Eagle makes him claim that this year's crop of wheat will be \$45,000,000, of which "one count in the market, north of the city, will probably be \$10,000,000." We do not understand, and the printers do not know anything concerning what the man is writing about, there is apt to be a little what a dry-good man would call a "fancy mixture."

To the *Advertiser*—*Irregular*—*Irregular*.

Now railroads are steady and irregular, the feature being a decline in Boston, Hartford & Erie and a rise in New York Central, and the feature being a decline in Boston, Hartford & Erie and a rise in New York Central.

During the afternoon there was a reaction of 1½ to 2 per cent, but in the late dealings a strong and rapid improvement in prices ensued, the closing quotations showing an advance of 1½ to 2½ per cent on the day's transactions.

With the exception of the cash and call stocks, and Pacific Mail leading the upward movement. Mobile & Ohio and Lake Erie & Western were the leaders in the early part of the day.

The stock market opened generally firm, and on a good business basis, advanced 1½ to 2 per cent on the day's transactions.

At the rapid rate of yesterday's advance the stocks would go up to 50. There is a fair amount of talk among operators that the future of the market is not clear. One heavy holder of

The closing quotations were advanced to the highest price of the day, and so the market closed as strong as it did last night.

It is fair to presume that Eli Perkins has been misrepresented by the types. The Brooklyn Eagle makes him claim that this year's crop of wheat will be \$45,000,000, of which "one count in the market, north of the city, will probably be \$10,000,000." We do not understand, and the printers do not know anything concerning what the man is writing about, there is apt to be a little what a dry-good man would call a "fancy mixture."

To the *Advertiser*—*Irregular*—*Irregular*.

Now railroads are steady and irregular, the feature being a decline in Boston, Hartford & Erie and a rise in New York Central.

During the afternoon there was a reaction of 1½ to 2 per cent, but in the late dealings a strong and rapid improvement in prices ensued, the closing quotations showing an advance of 1½ to 2½ per cent on the day's transactions.

With the exception of the cash and call stocks, and Pacific Mail leading the upward movement. Mobile & Ohio and Lake Erie & Western were the leaders in the early part of the day.

The stock market opened generally firm, and on a good business basis, advanced 1½ to 2 per cent on the day's transactions.

At the rapid rate of yesterday's advance the stocks would go up to 50. There is a fair amount of talk among operators that the future of the market is not clear. One heavy holder of

yesterday, and of this itself indicates that lower prices are ahead. Gould is a large buyer of stocks, and so far as he is concerned, the close quotations were advanced to the highest price of the day, and so the market closed as strong as it did last night.

While this time has given encouragement to many small operators, it has not induced, to any extent, who only see in this manipulation a few moments that will carry prices up with a rush to near the highest points of the day. Trading was very active for half an hour or so, and then dealings became very dull, and so continued till after 2 o'clock, when the station bell announced the opening of the market. The closing quotations were advanced to the highest price of the day, and so the market closed as strong as it did last night.

## THE COURTS.

Final Settlement of the Republic Fire Insurance Company.

An Excellent Showing for the Company and the Assignee.

A Full Record of Court Proceedings Judgments, New Suits, Etc.

## GENERAL INTEREST.

## EXPLORING INSURANCE COMPANY.

The sixth and final meeting of the creditors of the Republic (Fire) Insurance Company was held yesterday afternoon in the new Government Building. About fifteen or twenty persons were present, representing about \$200,000, and the meeting was entirely satisfied with the Receiver's opinions and anxious to close up the Company's affairs.

Mr. J. R. Payson, the Assignee, read the following:

FINAL REPORT.  
Balance on hand May 1, 1877. \$10,000.  
Collected in May, 1878. 55,000.  
Collected in certificates of indebtedness. 31,083.  
Total. \$86,083.

EXPENDITURES.  
Paid on dividends. \$104,940.  
Paid certificates. 11,083.  
Attorneys' fees. 1,475.  
Costs and expenses. 7,228.  
Assignee. 11,000. \$122,368.

Balance on hand. \$2,923.

The liabilities are:

For interest. \$35,411.  
Dividends. 1,000.  
Costs and fees. 2,021.  
Total. \$38,432.

In addition to this amount the Assignee also presented a statement of his total receipts and disbursements from the bankruptcy of the Company, Nov. 14, 1872, to the present time, as follows:

Due on the amount of 80 per cent made by the Company before bankruptcy. \$1,000,000.  
Assessment of 10 per cent called for. 449,500.  
Balance on hand. \$1,049,500.

Balance on these two calls still uncollected. 648,294.

Leaving to be accounted for in bankruptcy. \$1,066,467.

Cash on hand Nov. 14, 1872. 51,681.

Total indebtedness paid in cash, indebtedness, or settlements with sureties. \$ 95,764.

Paid attorneys. 63,173.  
Balance of costs, etc. 201,425.  
Loss by two National and Cook County banks. 25,900.

Balance on hand as above. \$122,181.

Dividends received on balance and liabilities. 15,493.

After the reading of these statistics, Mr. Payson explained that he had not entirely stowed away the books of the Company at the time of the great fire, by which he saved the credits at least \$1,000,000.

The report was then approved by all the executors, present, and a vote of thanks was given to the retiring Assignee. The meeting was then continued to May 17, with the understanding that it would be adjourned to the same date next year. The Register will declare a final dividend of 6 per cent, which will close the estate.

At least 2,000 suits have been presented in seventeen different States, and most of them have been fully contested. The ratio of expense to receipts has been about 15 per cent. This is the only case in which the fire insurance company was bankrupted by the great fire that went through bankruptcy and paid in full. More than that, it has paid nearly half the interest accruing on the claims since the failure.

## CHECKMATED.

There have been rumors lately that the Chicago Provision and Stock Board were to have the quarters now occupied by what is known as the Brunswick-Balke Company, but according to the writer can't find any evidence to support this. The meeting was then continued to May 17, with the understanding that it would be adjourned to the same date next year. The Register will declare a final dividend of 6 per cent, which will close the estate.

## COURT.

Judges Drummond and Dyer sat together yesterday to hear the petition for rehearing in the case of Gosselin vs. McCormick. The matter was referred to a committee.

The Appellate Court will be in session Monday for motions and will then adjourn, probably for two or three weeks, to prepare opinions.

Judge Gary will have no further call until after two days' notice given on the board on the Clerk's desk.

## THE RECORD.

## SUPERIOR COURT.

new suits.

75,54 Board of Trustees, etc., v. Catharine Macdonald, Catharine Arthur, Ann Armstrong, Isabella Hewitt, Christine Macdonald, Mary Macdonald, Alexander Macdonald, E. D. Macdonald, John Macdonald, H. E. Macdonald, and H. M. Devlin, executors of J. A. Macdonald, deceased; bill to foreclose mortgage for \$357,20 on the E. 1/4 of Lots 12 and 13, in the Trustees' Division of Co., 37, 37, Campbell & Custer, etc. 75,54.
